BENEFITS AND FEATURES

The DEWALT Power Tool Lanyard features double-action, swiveling Aluminum carabiners on both ends to tether tools up to 15 lbs. (6.8 Kg). The large carabiners are designed to easily connect to lanyard-ready power tools on one end and anchorage points such as beams and rails on the other. Once connected, it becomes a key component to a tethering system intended to prevent accidental drops that can lead to injuries and property damage.

FLEXIBILITY: Elastic, bungee style webbing provides a wide working range.

SECURITY: Dual-action locking swiveling carabiner for worry free operation.

POWER TOOL READY: Double swiveling carabiner, bungee design, built specifically for power tools.
